

## ***24 Facts You Should Know Before You Sign Up With Any Payroll Processing Company***

[www.Green60.com](http://www.Green60.com) is the nation's leading payroll processing company, thanks to a very reasonable price and unbeatable service. As the payroll processing company acknowledged by the Institute for Green Business to be the greenest payroll company in the nation, we are committed to eliminating the use of paper without sacrificing quality of service.

Recently, it came to my attention that our competitors are matching our prices in order to prevent their payroll processing clients from leaving. But keep in mind that their price of \$19.99 only considers 10% of the total process. Even worker compensation insurance could be purchased from better companies at a better price. Our competitors cannot match the additional services we offer you. Before you accept their matching offer, we suggest you ask them the following questions . . .

- 1 – Green60.com only charges us when we use their service. ***How about you?***
